

# RED WING SIZING CHARTS

A right sized garment will last longer and wear more comfortably which is safer, as it won't get in the way of your work. Ensuring the right fit only takes a couple of minutes.

HERE'S HOW YOU DO IT 

# MEN'S COVERALLS SIZING

Stocked sizes will vary by location. Please contact your Red Wing representative for size availability in your region.

## RED WING MEASURING GUIDE

Purpose-built for the work you do, our industrial workwear is designed to fit so well, so comfortably, that it may not even seem like personal protective equipment. Key measurements necessary to ensure the best possible fit include: **Height** and **Chest**. These sizing tables and measuring instructions are intended to guide you in selecting the right size(s) for each garment style. If you don't see the size you're looking for, please contact us for information about our make-to-measure option.

**TIP:** For best fit, measurements should be taken directly from the body. Room for movement is already calculated into garment dimensions.

4XL	48"-50"	122-128 cm	47"-48"	116-122 cm	49"-51"	124-130 cm

Measure your chest, waist and hips. Use the largest size to determine which size jacket to order.

Example: If your measurements fall into 'medium' for chest and waist, but your hip measurement falls into the 'large' range, order a large.
